

Chart for double-knit cuff of Suffragette socks

By Liz Triskellian (www.triskellian.com/blog)

Notes

The chart is designed for the cuff of a 72-stitch sock.

Double knitting will produce a double-thick cuff with colours and text reversed on the inside. Knit each pair of stitches together at the end of the cuff to return to single knitting.

The chart will also work for stranded knitting, but some of the floats will be very long, and it might not be stretchy enough for a sock cuff.

Key

- g knit both sides in green
- p knit front in purple and back in green
- knit front in white and back in green
